

PVHS Chapter National Honor Society ISP Service Hours Form

Fill in this form to request that in-school or community service hours be added to your requirement totals. **ISP (Individual Service Project) hours for NHS must be a project you've designed on behalf of yourself as an NHS member, representing NHS.** They cannot be hours that you are also claiming to meet a quota for another organization or group you are involved with. Doing service activities for your own family or extended family does not count. It is recommended that you consult with the Chapter Adviser for prior approval before engaging in an Individual Service Project.

Turn this completed form in to the NHS Adviser as soon as service is complete and *no later than 14 days from the date of service.*

Current members are required to perform 10 service hours per school year.
New inductees are required to perform 5 service hours the semester they are inducted.

NHS member: _____

Total hours served: _____ Date(s) of service: _____

Name of organization or event for which service was performed:
